CSE3219 Embedded Lab General Policies

Goal

To provide a **safe** and **reliable** environment contributing to **your success** in the course.

Rules applied to the use of this Lab.

- Lab must be left safe, clean and orderly after each session.
- Lab door must be closed when the last person leaves Lab.
- NO food and/or drink is allowed in the the lab.
- Be respectful of others and take good care of the lab and the equipment.
- Report any equipment problems to your supervisor (e.g., instructor, TA/Tutor)
- Do not modify any hardware or software. Any alterations (equipment/software) in the lab must be done with proper authorization.
- Do not share your account with anyone, and remember to logoff from the PCs after each session.
- Lab resources are to be used for course-related purposes only.
- Only students enrolled in this lab class are authorized to use the machines in this lab.
- Be aware of your environment, and take responsibility for your safety, especially when working alone or after dark.
- If an emergency alarm sounds, evacuate the building.
- **In case of an emergency, follow UCSD emergency instruction. For example, Dialing 911 or (858) 534-HELP (4357) will connect you with the UCSD Police dispatcher.**
