Assignments  Homework problems will be assigned on October 2, 28, and November 18 and will be due on October 16, November 11 and December 4, respectively; only a selected subset of problems as indicated on the homework will be graded. Homeworks will be due at 11:00 AM on the day indicated. You need to turn in your solutions for the homeworks to be graded electronically by the deadline; any homeworks turned in after the deadline will receive no credit. You can work in teams of two if you so desire on all homeworks. Solutions to the homework problems will be covered in the discussion sections.

Statute of Limitations  You have one (1) week from the day any particular graded exam is made available to you to appeal the grade you received. After one week, we will assume that you believe the grade that you got is the correct one. After one week, grades are unchangeable, fixed and permanent.
