Assignments Homework problems will be assigned on October 7 and 28, November 18 and December 4; only a selected subset of problems as indicated on the homework will be graded. Homeworks will be due at 4:30 PM on October 22, November 12, and December 3 and 12, respectively; you need to turn in your solutions for the homeworks to be graded electronically by the deadline; any homeworks turned in after the deadline will not be read and will receive a grade of zero. You can work in teams of two on all homeworks. Solutions to the homework problems will be covered in the discussion sections.

Evaluation There will be three midterms and one final exam given in this course. Each exam is worth 30% of your grade with the lowest score of the four exams being dropped in the final evaluation.

Integrity All work in any exam or quiz must be your own; you must neither copy from nor provide assistance to anybody else. Each student is assumed to be familiar with the UCSD Policy on Integrity of Scholarship as described in the UCSD General Catalog. If you have any questions about these policies, be sure to discuss them with the instructor.
