

Pairing 2009: Call for Papers

The Third International Conference on Pairing-based Cryptography (**Pairing 2009**) will be held at Stanford University, USA on August 12–14, 2009. Authors are invited to submit papers describing their original research on all aspects of pairing-based cryptography, including, but not limited to the following topics:

- novel cryptographic primitives and protocols;
- mathematical foundations;
- software and hardware implementation; and
- applied security.

Important dates:

Conference	August 12–14, 2009
Submission deadline	March 6, 2009
Notification of decision	May 1, 2009
Camera-ready deadline	May 22, 2009

Organizers

Program Committee Chairs: Hovav Shacham (UC San Diego) and Brent Waters (UT Austin)

Conference General Chair: Terence Spies (Voltage Security)

Program Committee:

Michel Abdalla (École Normale Supérieure)	Gregory Neven (IBM Zurich)
Paulo Barreto (University of São Paulo)	Tatsuaki Okamoto (NTT)
Xavier Boyen (Stanford)	Dan Page (University of Bristol)
Melissa Chase (Microsoft Research)	Kenny Paterson (Royal Holloway)
David Freeman (CWI and Universiteit Leiden)	Michael Scott (Dublin City University)
Steven Galbraith (Royal Holloway)	Hovav Shacham (UC San Diego)
Pierrick Gaudry (LORIA)	Elaine Shi (PARC)
Matthew Green (Johns Hopkins)	Nigel Smart (University of Bristol)
Jens Groth (University College London)	Tsuyoshi Takagi (Future University Hakodate)
Florian Hess (TU Berlin)	Fré Vercauteren (KU Leuven)
Tanja Lange (TU Eindhoven)	Brent Waters (UT Austin)
Kristin Lauter (Microsoft Research)	

Steering Committee Members: Dan Boneh, Steven Galbraith, Tanja Lange, Alfred Menezes, Victor Miller, Eiji Okamoto, Takeshi Okamoto, Tatsuaki Okamoto, Takakazu Satoh, Michael Scott, Tsuyoshi Takagi.
