PARKS
Regional Park

Note: all features may not exist in this area.

Background contains 2003 Color aerial orthophotograph.

Park - Community parks with recreation areas and amenities containing one or more of the following activities: tennis or basketball courts, baseball diamonds, soccer fields, or swimming. Smaller neighborhood parks with high levels of use are also included and access parks.

Open Space - includes wildlife and nature preserves, lands set aside for open space, and parks with limited development and access.

MHPA: The City of San Diego Multi-Habitat Planning Area was developed by the City in cooperation with the wildlife agencies, property owners, developers, and environmental groups. The Preserve Design Criteria contained in the MSCP Plan and the City Council adopted criteria to the extent of the MSCP and similar guidelines in the development of R-25, R-30, R-40, and R-60. The Multi-Habitat Planning Area delineates core biological resource areas and corridors targeted for conservation. Within the MHPA, limited development may occur.

Information represented here may not be the current land use or planned land use designation, but a best estimate based upon the SANDAG regional generalized planned land use data and City of San Diego park and open space data.

*Publicly owned designated open space represented here is land that is conserved for open space, but may or may not be dedicated pursuant to City Charter Section 95. Open space planning documents provide additional details in the City of San Diego General Plan and this map as identified open space. Open space mapping may be updated if a more accurate land use type co-exists on the same parcel.
