What call do you make?

IVASKA: Pass. Did my partner McMurphy hear the alert? It doesn’t seem likely that the opponents can make me take out a double if they think I am going to make it. This one has to do with the fact that many have doubts about the alert. For that reason I have no objection to 4 ♠ or 4 ♥ (the call I would make at my second turn). Had I a call in reserve should partner try 3NT.

Problem 4.
