Finding Groupmates

- We recommend using the Piazza tool
 - <https://piazza.com/class/k82m0m0ch6q1ei?cid=6>
- Within this, you can create a new post with your name, email, and the number of groupmates you're looking for
- You can also look through other students requests, comment on their posts, or send them an email
- Once your group is full, mark your request as closed
