Dear Prof. Ramamoorthi,

Recognizing the achievements of its members is an important part of the mission of the IEEE. Each year, following a rigorous evaluation procedure, the IEEE Fellow Committee recommends a select group of recipients for elevation to IEEE Fellow. For this elite group, the attainment of this milestone as a member of the IEEE community is recognition of outstanding and unusual professional achievement.

It is my great pleasure to inform you that the IEEE Board of Directors, at its meeting in November 2016 elevated you to IEEE Fellow, effective 1 January 2017, with the following citation:

*for contributions to foundations of computer graphics and computer vision*

Enclosed is your IEEE Fellow pin and framed certificate. Both serve as visible recognition of your elevation to the highest grade of membership in the IEEE.

As noted in IEEE Bylaw I-105.2, Fellows shall be entitled to all rights and privileges of the IEEE, including the use of FIEEE or "IEEE Fellow" in their signature blocks, and on business cards, letterheads and such.

You bring honor to yourself and to IEEE by your achievements. Congratulations!

Sincerely,

Karen Bartleson  
IEEE President & CEO
